Class 5

My new class is class 5, class 5 is in Upper School. I have visited my new room, so I know exactly where to go, but the adults will help me if I forget.

In year 2 a few things will change, but the adults will help me while I get used to these changes.

I will come in through this gate.

walk across the main yard and in through this door.

I will be collected from the main school yard. I will line up with my class here.

I will use the toilets in the Y3/4 corridor.

I will have a new peg outside my classroom. My name will be there to help.

I will eat lunch in the Upper School hall and I will have assemblies in here too.

I will be able to use all of the new OPAL areas, including the woodlands!

In year 2 many things will stay the same...

I will wear my uniform every day:

- red / white top or red school dress
- red jumper / hoodie / cardigan
- black trousers / shorts
- fully black trainers/shoes

I will have all of my friends around me and we can all play together outside.

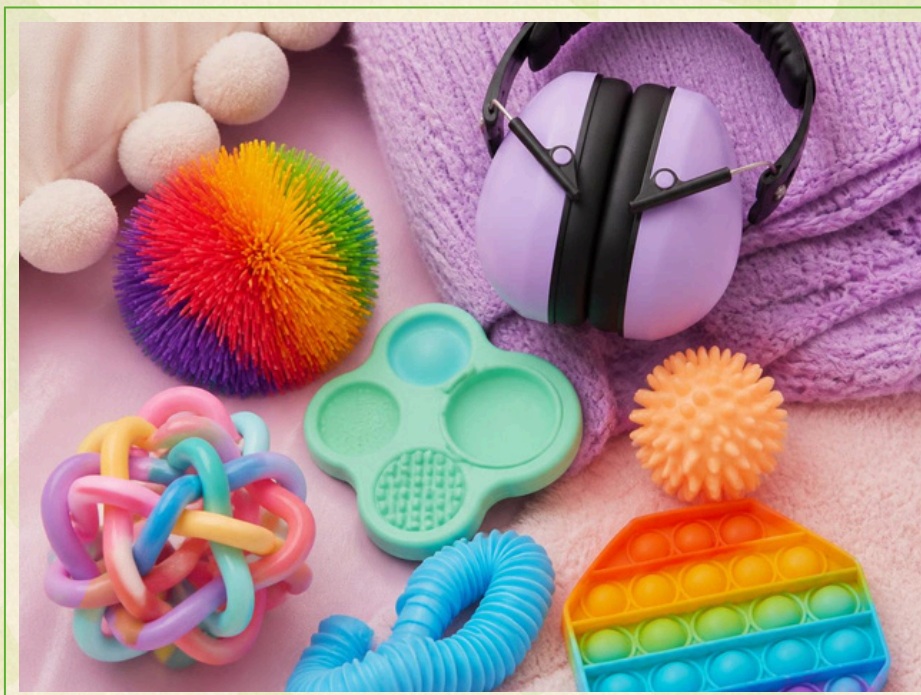

I can choose my lunch each day.

I will change my library book each week in our new library.

I will have support and help when I am working, but I will learn to be even more independent.

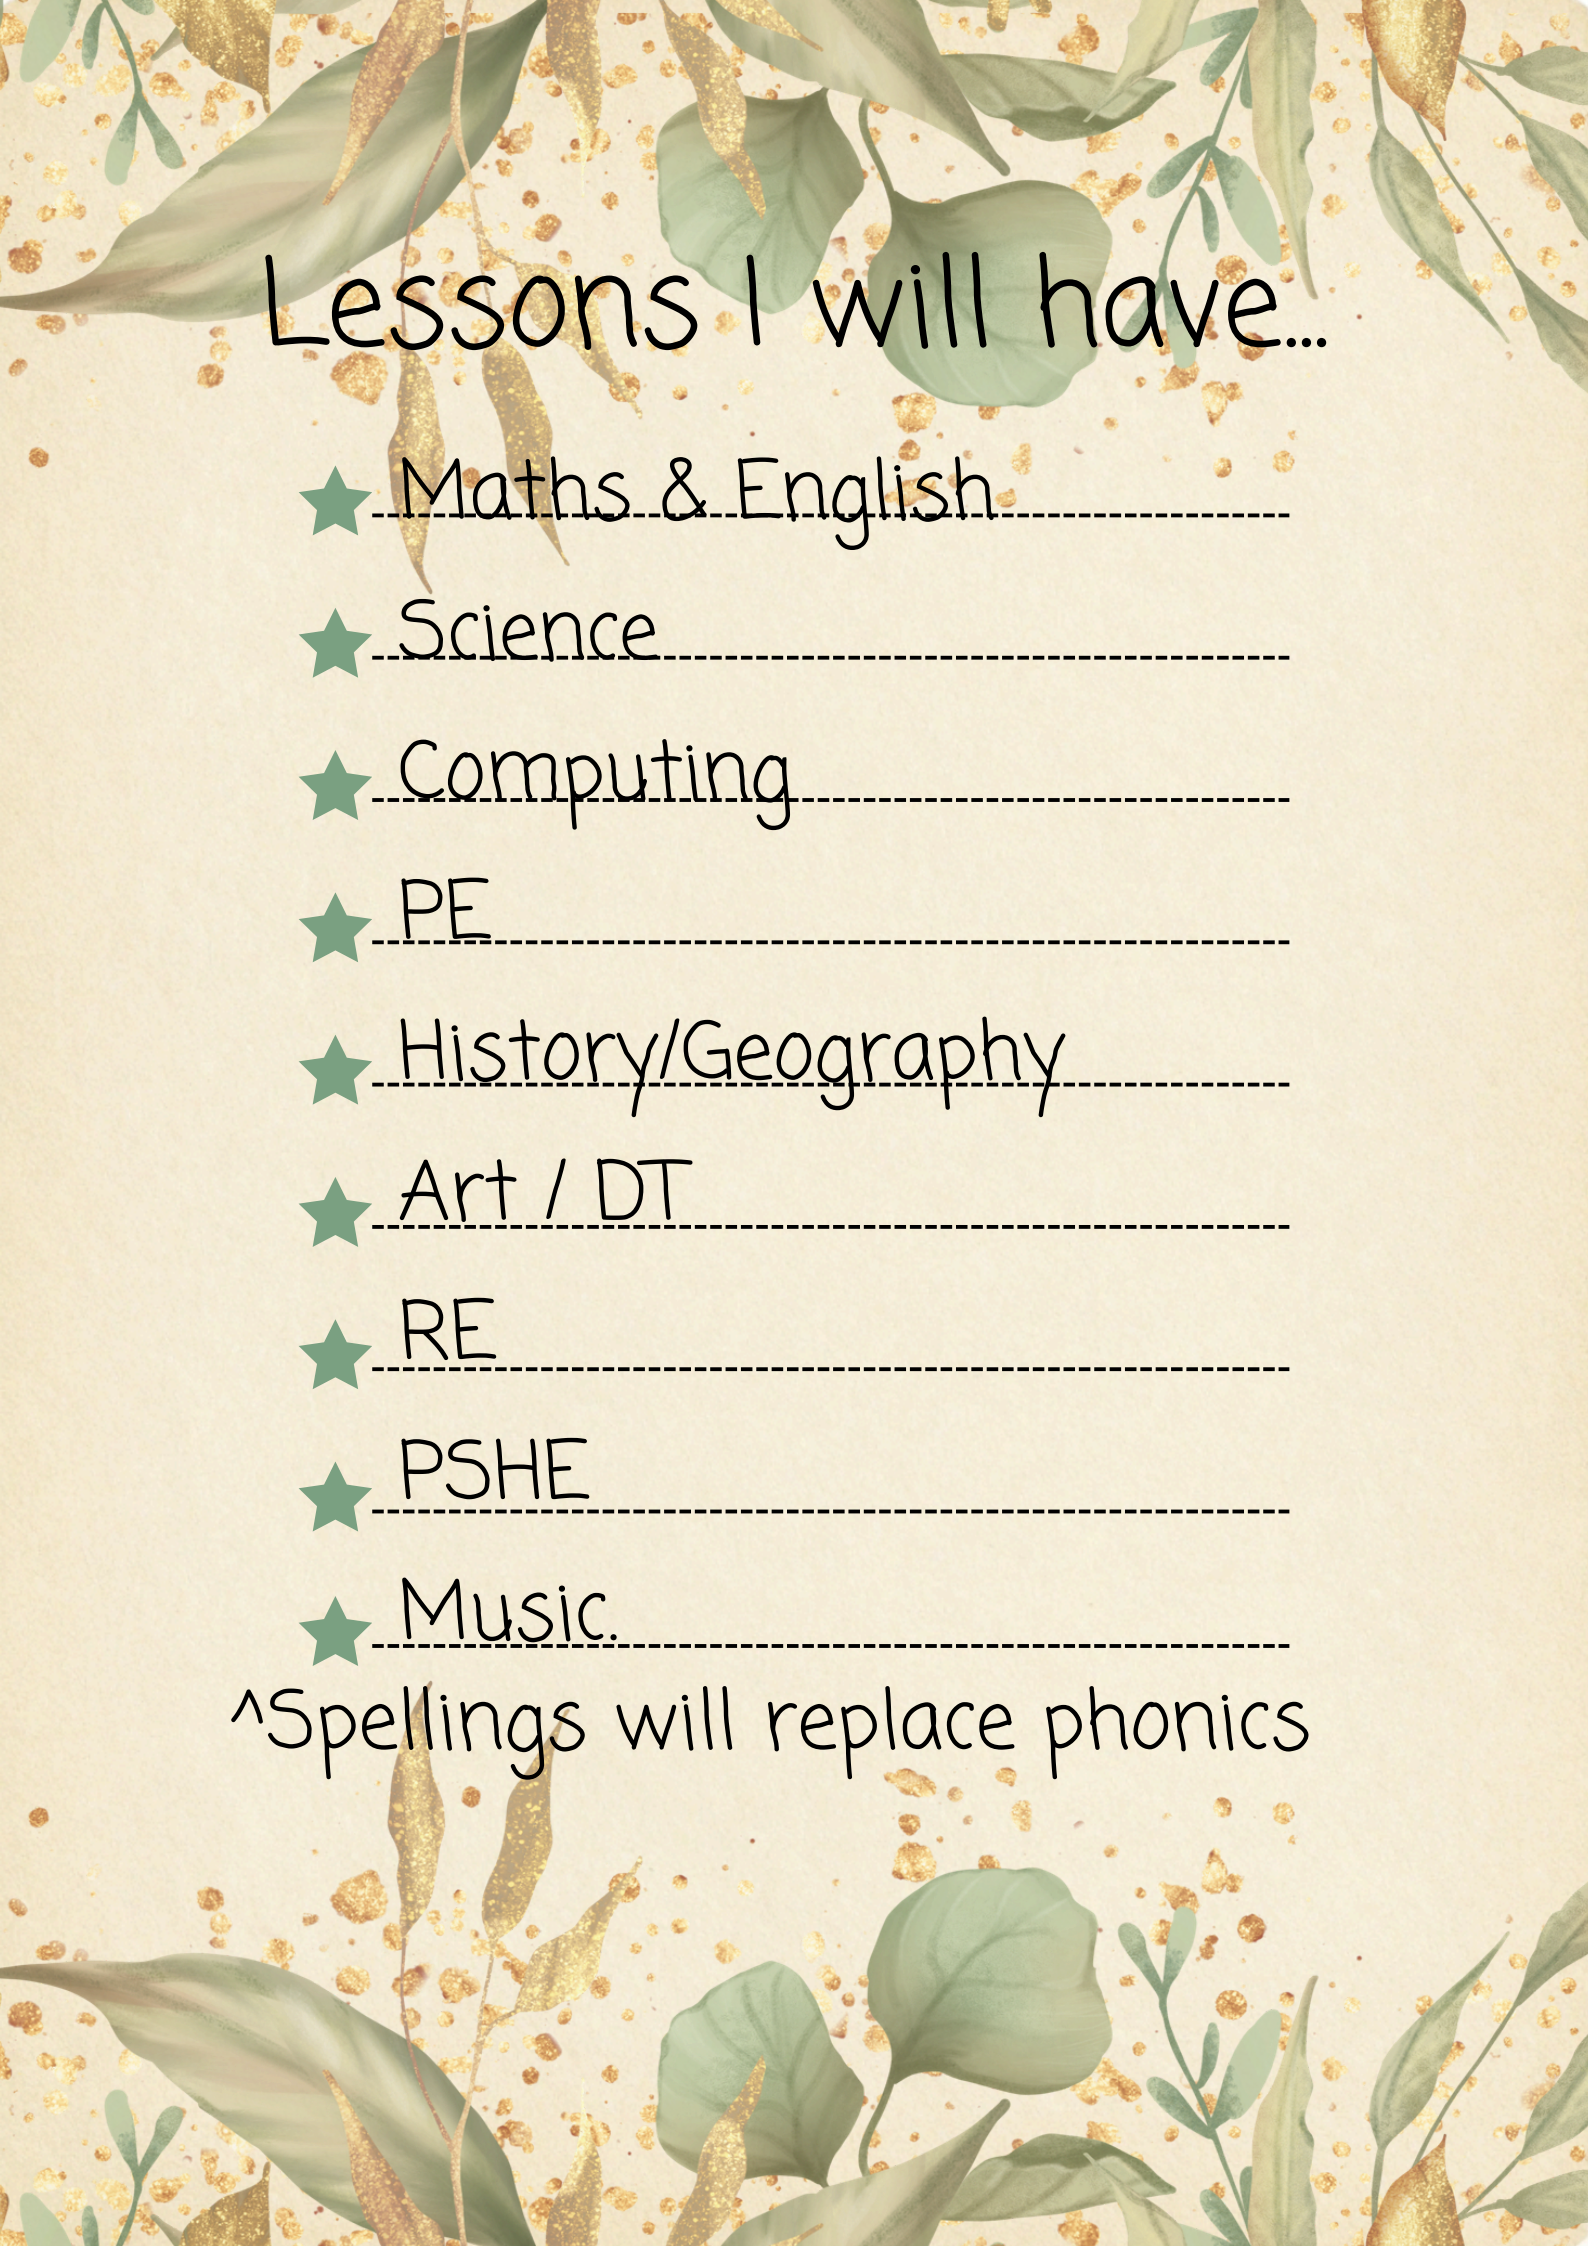

If I need them all of the helpful things we had last year are available (movement, reset areas, ear defenders and fidgets etc).

I should bring my things in a drawstring bag, plus a named water bottle.

I might be moving buildings but I am still part of the same school and the staff know me well.

Lessons I will have...

★ Maths & English

★ Science

★ Computing

★ PE

★ History/Geography

★ Art / DT

★ RE

★ PSHE

★ Music.
